

Insulin Syringes

UltiCare® VetRx insulin syringes are precision engineered to make every injection as comfortable as possible. Available in all standard sizes in the UltiGuard® Safe Pack. The Safe Pack combines premium needles and a sharps container all-in-one system for convenient storage and disposal of used needles.

Pen Needles

UltiCare VetRx pen needles are used in conjunction with injection pens to effectively deliver insulin into the body and provide universal fit with all diabetes pens.

U-40 INSULIN SYRINGES

For use with Vetsulin®, ProZinc® or any U-40 strength of insulin.

U-100 INSULIN SYRINGES

For use with Levemir®, Lantus®, Humulin N® or any U-100 strength of insulin.
